Tehnocontrol is a reliable and valuable partner of AAMS-SALVARANI (formerly known also as AAMS) since 2005.

Tehnocontrol has done several orders and installations for the territory for which they are responsible for our products (Serbia, Bosnia-Herzegovina, Montenegro).

They have done sales, installation, training and services of following products over the last years:

- Spray scanner
- Pump tester with radio-link
- Manometer tester and appliances included in the full test box
- Electronic single nozzle tester
- Mechanical flow rate meter for orchard sprayers
- Spray gun tester
- Vertical patternator
- Software for inspections based on EN13790
- Spray monitor for experimental plot sprayers
- Mechanical spray patternators
- Wind speed sensors

In all, they have installed, trained and serviced more types of products than included in the tender Europeaid/134089/DH/SUP/RS.

They also participated at different international shows, at specialised International Conferences and workshops as SPISE2009 and SPISE2012.

Yours sincerely
